**Math Goal 1 Step B**  
*Develop and disseminate options to engage parents in math in the home.*

What is your district already doing in this area with non-migrant funds?

7/10 – the district will provide a series of math workshops to families.

Is this reaching migrant students & families?  Yes  No

If Migrant funds are needed to supplement, what will you use the funds for?

7/10 – the migrant program will access staff to make extra calls to migrant families reminding them of these workshops.

## **BASELINE DATA**

- ✓ **Minimum student and parent sample size should be 35% of total migrant student population.**
- ✓ **Surveys should be conducted during fall enrollment period (August – November)**
- ✓ **Surveys should attempt to capture a mix of migrant families who took the previous survey and most recent survey to inform districts of both their more constant migrant family needs and highly mobile migrant family needs.**
- ✓ **Report data in mid-year report (February).**
- ✓ **Review data matrix document to ensure needed data is being collected.**
- ✓ **Review sample parent and student questionnaires to familiarize themselves on the questions to be asked.**
- ✓ **Use survey results template (Excel) to tally survey responses for parents and students.**
- ✓ **Note the date of the most recent entry into the on-line report.**
